- Please list colleges where you, or any of your other children, attended.
- If you have guided any other children through the college admissions process, how would you describe your experience?
- How would you describe your daughter as a student?

- Are there any family circumstances (e.g. divorce, frequent school changes, etc.) that you feel have had a significant effect on the emotional and social growth of your child?
- At this point, do you have colleges in mind for your daughter? Why do these come to mind?
- What factors are important to you in seeking a college? Do you think that your daughter agrees with you?
- How would you define a “good” college?
- What are your fears or apprehensions concerning the college admissions process?

- Will financial aid be a factor in your daughter's college decision? Yes/No

- Describe your daughter on her "best day." What are her three most meaningful qualities? Elaborate.

Please feel free to attach additional information that might be helpful. Please return to the College Guidance Office as soon as possible. We look forward to our work with your daughter and with you.
